- **Platforms:** Visual studio code, Eclipse, IntelliJ IDE

Work Experience

- Web Developer | Hruta Solutions | [Link](#)** April - 2025
- Designed and developed responsive, user-friendly web interfaces using React.js, Tailwind CSS, and JavaScript, improving UI performance and accessibility.
 - Collaborated with the backend team to integrate RESTful APIs built with Node.js and Express.js, improving data flow and reducing page load time.
- Intern | SETTribe | [Link](#)** December - 2025
- Assisted in developing dynamic web pages using HTML, CSS, JavaScript, and React.js under the guidance of senior developers.
 - Contributed to building a FIR system that displayed analytics using React and API integration.

Projects

- Chat Application | [Link](#)** November – 2024
- Real-time chat platform built with React, Spring Boot, MongoDB, Tailwind CSS, and shadcn/ui. Features user authentication, instant messaging, and responsive UI. Deployed on Vercel.
- Authentication System | [Link](#)** January – 2025
- Secure authentication and user management system built with React, Spring Boot, MySQL, Tailwind CSS, Heroicons, and OTP verification using Brevo Mail API.
- FIR System | [Link](#)** August – 2025
- Online First Information Report (FIR) management platform built with React, Spring Boot, MongoDB, Tailwind CSS, and Zod for validation. Deployed on Vercel.

Certifications

- **React Developer – Geeks For Geeks**
Completed a certified React Developer program covering component-based architecture, state management, hooks, routing, and API integration using React.js.
- **Web Development – College Level**
Successfully completed a college-level certification focused on building responsive websites using HTML, CSS, JavaScript, and Bootstrap, including hands-on project implementation.

Strengths

- Strong proficiency in front-end development using React.js, JavaScript, and Tailwind CSS.
- Solid understanding of RESTful API integration and modern web architecture.
- Quick learner with adaptability to new frameworks, tools, and technologies.
